INTERNAL-REVENUE COLLECTIONS - EXPORTS OF TOBACCO-ACQUITTED OF A SERIOUS CHARGE - MAYOR'S COURT STATISTICS -- COUN-CIL MATTERS - MARRIAGES - THE PUBLIC SCHOOLS-PERSONAL. [Correspondence of the Richmond Dispatch.]

FEBRUARY 28, 1879. The internal-revenue receipts in the Petersburg district for the month of February amounted to \$44,416; of which \$41,630 was for tobacco tax. This is about one third of the usual average monthly collections. Our manufacturers look forward to large operations as soon as there is a certainty in regard to the operations of the new revenue

The exports of manufactured tobacco from this city for the month were 303,981 pounds, as against 139,425 pounds in Janury—showing a decided increase in favor of has shown increased activity this week. At this month.

Thirty-four deeds were admitted to record during the same period. It transpires from the record-book in the clerk's office that a number of our ministers failed to obey the law requiring them to make return of all marriages sol-

Mr. William N. Jarratt, of Jarratt's Depôt, in Sussex county, who was stricken with paralysis last Sunday, is reported to be somewhat improved to-day, though not out of danger.

Rev. S. K. Winn, of Culpeper, arrived in the city last evening with his family to assume pastoral charge of the Second Presbyterian church. He was very cordially received. He will commence his ministration on Sunday. ROBIN ADAIR.

Not much else is talked about in town than the presentment of five county judges in the United States District Court yesterday under the instructions given by Judge requiring that the judges be presented on a presumption that they are guilty of violating the rights of the negro, and as throwing upon the parties presented the burden of proving themselves innocent. The tobacco-planters are jubilant over the 1879, will be of interest: reduction of the tobacco tax-that unjust thing which has so long been sucking the life-blood of Virginia's great industry. The hold of the leech is somewhat broken, and may we not hope that ere long it will be abolished altogether? Would it not be more just for the General Government to make a requisition on each State in the Union nocording to its ability to pay or according to its wealth, and let the State raise the amount

required? Amberst is sound on the debt compromise. The most rabid readjusters cannot find any plausible excuse for objecting to to southeast winds, partly cloudy weather, the terms proposed by the bondholders. With the debt question settled, the tobacco tax reduced, and the railroad to develop the mineral wealth along its line, what is to hinder the old Commonwealth from setting out with a buoyant step on a new career of honor and prosperity? Much is said of the statesmen-the giants-of former days, but if this difficult and vexing question of the State debt is settled now, can the men of the present day be pigmes? Will not the Legislature of 1878-'79 deserve the lasting gratitude of all Virginians who have the ionor and prosperity of the State at heart? Game laws are passed for the benefit of the

portsman. Why does not some representative of the rural districts bring in a bill for the protection of small birds for the benefit of the farmer, who sees his little festhered friends slaughtered by the thousand by these same sportsmen, mayhap, and finds himself poweriess to protect them? Mr. "Buggy" Daniel, near Amberst Courthouse, had his house, with its contents, burned a few days since. R. E. M.
